65 Mustang Convertible K Code, Gene 765-934-8245. Very good condition, no rust or body filler, only reproduction parts on the car are the hood and the floor pans, we warped the hood sand blasting it but the repo fits and looks good. The engine and tranny are from a 65 Hi-Po but not the one that came in the car, the engine was not in the car when I bought it back in the mid 80's, (I think it probably died on a drag strip some where) so I found a rusted out 'K' code coupe and bought it for the Hi -Po engine and parts the coupe was built on March 25 and the convertible was built on April 10 so the build dates match ok. The car has less than 5000 miles on the engine and other resto parts.

## Tidbits...

---

I understand that the Christmas parade was another hit this year! I'd like to extend thanks to two members for really making things come together. Mike Liston, for coordinating this parade all that he did. Mike was responsible for it this year due to my traveling. He registered the club, wrote up a blurb, and I hear that he also looked at having some treats. And, Patrick Turner. He came over to my house while I was rattled trying to prepare for my trips and made sure that he had the flags, magnets, and key to the trailer. Patrick then used his own truck in the parade to pull it. Thank you both, and thanks to everyone for making this another great parade for us! See the website for pictures.

Remember that with the first of the year, the membership fee is now due again. It is \$12 for the year. Please remember to put this in. The membership form is available on the website. We always ask that you fill out a new one so that the Club Officers have the correct information on file for you. Either mail a check and your registration to the PO Box listed at the start of this newsletter, or come by the meeting and drop it off.

In looking at our website, I noticed that it is sparse with pictures of members' cars. Please take a moment to see if your car is there. If not, I'd like to ask that you email a JPG or 5 to Keith Kucera at 'webmaster@rocketcitymustang.com'.
