RCMC Web Site

Our web site is: RocketCityMustang.com. If you would like to put information on our web site please contact our webmaster Keith Kucera at webmaster@rocketcitymustang.com. Pictures of club member cars in whatever condition are always welcome.

Officer's Note

Remember that our meeting place has changed to the West End Grill, same time. Through Mike Liston, our Vice-President, I understand that there were positive comments about the change at last month's meeting. I was very happy to hear this. Please thank Vic van Leeuwen for suggesting the place.

The January Thaw Show and Shine benefit show was a huge success! All types and shapes and sizes of people came out to check out some of the hottest vehicles that hit the streets here in Madison and surrounding counties. Mark Dorner deserves a huge Thank You for organizing this. And I also want to thank everyone that stepped up and lent a hand in all aspects of this show. I know that you did everyone proud. Our Webmaster, Keith Kucera, put up some great pictures. Please visit the website and take a look.

Flyers are now made up for our 27th annual May show. The link to the flyer is here - <http://www.rocketcitymustang.com/pics/27thRCMCSHOW.pdf>. Please think about printing a few out and distributing it around your workplace, your church, your grocery store, and anywhere else that you can tack up a notice.

Speaking of the show, Mike Liston is the Show Chairman this year. He is asking for help and volunteers for several Chair Heads. Please email or call him. His contact information is above.

Club Notes

Meeting called to order at 7:05 PM
Presided over by Mike Liston – Vice-President

BOD report read and recorded.

Old Business

- Stickers are now ordered
- Club roster – 77 members

New Ad!!!

Above car and 67/68 Cougar Parts, via Steve Spatola (colsteve@sbcglobal.net)

1. 2 hoods, very good shape, one has a slight dent in the nose.
2. XR7 right door. You can tell because of the door panel.
3. Three stainless wheel mouldings, need to be reconditioned.
4. 1 RH Fender and one other RH fender with 6.5 Liter logo attached
5. 2 rear bumpers, straight
6. 3 front bumpers, straight
7. 4 lower valances for front end with parking lights, slight damage on them but easily repaired
8. 3 complete front grills with vacuum reservoirs, and 1 RH half of a grill.
9. 1 sequential lite box. Unknown of its operability.
10. 1 pair of rear lights
11. 1` ignition swith, no key.
12. 1 pair of front R&L brake drums and shoes. He converted his Cougar to disc brakes.
13. 1 rear decklid with XR7 badge. Good condition, no dents.
14. 1 hood latch assembly. this is what is between the grills.
15. 1 front headlight ballast.

Tidbits...

We have had several members send in their annual dues either at last month's meeting or to the PO Box. I want to thank you and encourage the others to get this in.

If you can make February's meeting, please do. I have the honor of making a special presentation to some long-standing members.

I want to again encourage folks to sign up for the chair positions and help with the May show. Each year that I have participated in this event, I have had some great fun. I know that others have as well. This is the time to start our preparations to ensure that every small aspect goes smoothly. We do put in a bit of work, but I must admit, we sure do get a lot more out of it.

Since the demise of Samir's website (HuntsvilleCarScene.com), Brad Barnett has been kind enough to give us another forum at his website – The Mustang Source. Please drop on by and join in on some of the conversations.

[Rocket City Mustang Forum](#)

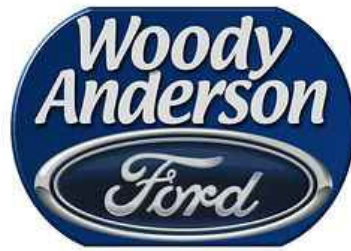

On our website, Mark Dorner and Greg Gullatt are posting journals on their projects that have undertaken. Go take a look and see how these guys work hard at the hobby they love.

Along with the above, two weeks ago my 84 decided to honor me with a project when the snow that Friday morning made my clutch decide to go south for the winter. After towing it home and bringing my 87 S10 into action, it decided to have sympathy pains and the clutch went out in it. Also, when I threw in my used T5 transmission (91-95 model), I had been told that third shifted hard. In fact, that is the reason I broke the oil pump driveshaft back in November. So I decided to tear it down and it is all spread out on my workbench. Gee, the 3-4 fork is broken. Looks like I have my own project going as well.

If you have any projects that you have been working on this winter, drop me a note and we'll pass it around.

Until next time!
