## RCMC Web Site

Our web site is: [RocketCityMustang.com](http://RocketCityMustang.com). If you would like to put information on our web site please contact our webmaster Keith Kucera at [webmaster@rocketcitymustang.com](mailto:webmaster@rocketcitymustang.com). Pictures of club member cars in whatever condition are always welcome.

## Officer's Note

---

Flyers are now made up for our 27<sup>th</sup> annual May show. The link to the flyer is here - <http://www.rocketcitymustang.com/pics/27thRCMCSHOW.pdf>. Please think about printing a few out and distributing it around your workplace, your church, your grocery store, and anywhere else that you can tack up a notice.

Speaking of the show, Mike Liston is the Show Chairman this year. He is asking for help and volunteers for several Chair Heads. Please email or call him. His contact information is above.

This is another reminder that our meetings are now at West End Grill.

Also, please drop in your membership dues.

Above car and 67/68 Cougar Parts, via Steve Spatola (colsteve@sbcglobal.net)

1. 2 hoods, very good shape, one has a slight dent in the nose.
2. XR7 right door. You can tell because of the door panel.
3. Three stainless wheel mouldings, need to be reconditioned.
4. 1 RH Fender and one other RH fender with 6.5 Liter logo attached
5. 2 rear bumpers, straight
6. 3 front bumpers, straight
7. 4 lower valances for front end with parking lights, slight damage on them but easily repaired
8. 3 complete front grills with vacuum reservoirs, and 1 RH half of a grill.
9. 1 sequential lite box. Unknown of its operability.
10. 1 pair of rear lights
11. 1` ignition swith, no key.
12. 1 pair of front R&L brake drums and shoes. He converted his Cougar to disc brakes.
13. 1 rear decklid with XR7 badge. Good condition, no dents.
14. 1 hood latch assembly. this is what is between the grills.
15. 1 front headlight ballast.

## Tidbits...

---

We have had several members send in their annual dues either at last month's meeting or to the PO Box. I want to thank you and encourage the others to get this in.

I want to again encourage folks to sign up for the chair positions and help with the May show. Each year that I have participated in this event, I have had some great fun. I know that others have as well. This is the time to start our preparations to ensure that every small aspect goes smoothly. We do put in a bit of work, but I must admit, we sure do get a lot more out of it.

On our website, Mark Dorner and Greg Gullatt are posting journals on their projects that have undertaken. Go take a look and see how these guys work hard at the hobby they love.

Last newsletter, I had mentioned that my 84's clutch had bit the dust. Well, I took out the drivetrain (except for the engine) and decided to look at the tranny to see what I could find. As you heard last month, a busted 3-4 shift fork and a busted spring in the 3-4 synchro was the reason I drove the car 60 miles home in November with no oil pressure. I ordered the video from Hanlon Motorsports on how to rebuild a T5. When I inspected what I had, I found the cluster/gear set was not good. I ordered a 2.95 set, 3-4 fork, rebuild kit, clutch cable (the end was frayed), and a King Cobra clutch kit. I also spied the 3.55 gears (I had 3.08) that a friend had given me a long time ago. I ended up getting new tools, too! R\_R\_R! I picked up a parts washer and a 12-ton shop press. One Saturday morning, Mark Dorner, Gary Workman and his friend John came over to help swap gears. The next day, the car was pulling out at lunchtime for a test drive. I have been driving it ever since. So, if ya want help with rebuilding a T5...

If you have any projects that you have been working on this winter, drop me a note and we'll pass it around.

Until next time!

2007  
International Dogwood Festival  
**CRUISE IN  
AND
